Mr. President, I might apprise the membership copies of that motion have been distributed and on your desks.

SENATOR CUDABACK: Thank you, Mr. Clerk. Speaker Bromm, to open on your motion.

SPEAKER BROMM: Thank you, Mr. President. Just to advise the body that the purpose of this motion is to more or less clean up the work sheet that comes out every day by indefinitely postponing the bills whose provisions have been included in other enacted legislation. It is, as pointed out by the Clerk, it's on...in the Journal and you've, I think, had a copy distributed. With this motion, as opposed to the one that I filed before, I have included the suspension of rules regarding General File bills, which the Clerk advises me is a more appropriate method of carrying out this objective. So basically, these bills have been enacted in other legislation, and that's all I have to say, Mr. President.

SENATOR CUDABACK: Thank you, Speaker Bromm. You've heard the opening on the motion. It is a debatable motion. Those wishing to speak, Senator Chambers.

SENATOR CHAMBERS: Mr. President, members of the Legislature, the other day I had to offer a motion to suspend the rules. It was successful. I don't do that often. I don't like to vote to suspend the rules, but when it's necessary I think it ought to be done. On this motion of the Speaker, I will vote with him to suspend the rules for this purpose on one condition, that in lines 2 and 3 we strike the words "whose provisions have been included in other enacted legislation," then we add the following bills: (laughter) LB 172, LB 265, LB 304, LB 374, LB 602, LB 762. So I would like to ask the Speaker a question.

SENATOR CUDABACK: Speaker Bromm.
